

The Care of Patterns

New patterns, before being used, should be rubbed over on the rough side with a smooth piece of pumice stone, this wears off the burr and makes the stamping come out cleaner and finer. When patterns are so large that they have to be folded, iron out the creases before using them. After using the patterns for powder stamping, snap the pattern to shake the powder from the perforations. After using the patterns for paint stamping, they should be washed thoroughly with naphtha or spirits of turpentine, until the perforations are all perfectly clear. Keep the naphtha away from the fire. After the pattern has been washed do not use it for powder until it has had time to thoroughly dry, otherwise it will gum up the holes and spoil the pattern.

Indelible White Paint.

Used for stamping dark goods, felt, plush, etc. As some of our customers have not been able to get the Paint mixed so that it will work right, we have decided to have it put up. The Paint is put up in paint tubes. We send three tubes of the Paint, *all mixed, ready to use*, and the Brush, by express for \$1.10; two tubes of the Paint without the Brush, for 60 cts. by express. This Paint cannot be sent by mail, must be sent by express; the person ordering it pays the express charges.

Brushes for Paint Stamping.

We have had some brushes made expressly for Paint Stamping. They are made good and stiff, and are all ready to use without any winding. Price, 50 cts. by mail, or two tubes of Paint and the Brush, by express, for \$1.00.

Blue Powder.

The Blue Powder is to be used for stamping light goods. (*Read Instructions.*) *It will not work well on dark goods.* Price of Blue Powder 20 cts. per box, by mail. Distributing Pads, 10 cents.

 We do not make or sell *White Powder*.  Use the *Paint* for stamping dark goods.
